

## **Student satisfaction survey (SSS)**

The feedback forms to the student's are collected using responses to questionnaires' supplied to them. The questionnaire includes the questions related to library facilities, admission process, examination and evaluation process, infrastructure and grievances of the students. There are five options in the questionnaires such as strongly agree, agree, not sure, disagree, and strongly disagree. The feedback forms the students is analysed and report is prepared and submitted to the principal and it is used for further improvements.
